Overview

About the AMA PCM® Program

The American Marketing Association [Professional Certified Marketer \(AMA PCM®\)](#) exams are created using a Body of Knowledge format, which outlines the responsibilities of and knowledge needed by today's marketing professional in the specific topic.

Below is an outline of the seven major content areas, or domains, of the **AMA PCM®, Content Marketing Body of Knowledge** with an indication of the approximate percentage of the test devoted to each domain.

Each domain is further organized into topics and learning objectives. The following pages detail the domains, topics, and learning objectives and provide recommended reading and a list of key terms to study as you prepare for the PCM® exam.
